Design Artwork and Description

OCRS Flag:

This design was created by Sgt. Major Juan Rogelio, (USMC-Retired), our cultural advisor. The flag represents the Chiricahua (Chiende Band) colors. The seal in the middle is the Warm Springs or Ojo Caliente. The East is black and represents the Black mountain range (Dzil Dihil) the homeland of the Chiende (Red Paint People) Warm Springs Band of Chiricahua. The South is blue for the Blue Mountain People (Dzil Dklishende) or homeland of Ndé Ndaí Band of Chiricahua in Mexico. West is yellow for pollen and the sunrise people (Ha'ishu Na gukande) (Chuukonende) the Chiricahua proper homeland. The north is white for the (bedoncus nde). These colors and feather represent the four bands of Chiricahua Apache. Lightning bolts on each side represent power and energy. The green color outer circle represents the Chiricahua unity color. The yellow is the color of pollen and the state of New Mexico. The red color lettering for the Band is for the Red paint People.
