- C. Absentee voting is not feasible at this time, since there are no funds available.
- D. All eligible members must have their Tribal Enrollment Number and possession of their Enrollment Membership Card present to vote.

III. Process for Elections:

- A. Committee needs to have a list of all eligible members certified by the Tribal Council prior to the election. This means that all members of the Tribe needed to be approved by Tribal Council at the April 2016 Board of Director Meeting or if a

Special Meeting is called by the Chairman and Tribal Council prior to the elections to approve members. The Membership Committee must provide up dated list by the day of the elections.

B. The facility must have an isolated area for voting to take place.

C. No campaigning will be allowed in the voting area.

D. Candidates must declare their candidacy at least 30 days prior to election in order to be placed on the ballot.

E. If a candidate fails to be placed on the ballot, he/she will be considered a “write in candidate”.

F. Elections will open at 2:00 pm and close at 5:00 pm. This will allow ample time for voting to take place given that our membership is less than 400 members at this time.

G. Elections Committee will coordinate a schedule for Elections Committee members to a work shifts or may decide to all work simultaneously.

H. Elections Committee will produce a ballot with all declared candidates that announced within the 30 day rule. The Committee member will verify eligibility of voter on the approved membership list. The Committee member will give the voter a ballot. There will be at least two booths for voter to review and vote.

I. Voter will place ballot into a designated voting box that will be kept locked.

J. All members of Elections Committee present prior to 2:00 pm on Elections day will witness and verify that the Voting Ballot Box is empty prior to the official opening of the elections. Box will be locked by Chair of the Elections witnessed by Committee. Only the Chairman of said Committee will have the key and will only be opened by Committee when counting of voting ballot commence.

K. Ballot Box will be supervised at all times by a member of the Elections Committee.

L. Each Committee member will sign an affidavit of due diligence and compliance to protect the integrity of the Tribe and sanctity of the Elections Process. Election Committee members should not be candidates for any elected office.

M. Once Elections are officially closed the Elections Committee will close all access or be sequestered to a private room with the ballot box. All Elections Committee members will be present. The count will be recorded by minutes declaring: date, time, persons present and when box was opened.

N. Elections Committee will count number of ballots and compare with the sign in roster of voters and eligibility list.

O. Each Campaign may elect to have one (1) witness during the counting and verification of the ballot. It is recommended that if a campaign is consolidated by a block or coalition that that block or coalition select one (1) person to represent or witness to avoid chaos or confusion during the counting process. This witness must be approved by the Chairman of the Elections Committee.

P. Blank ballots cannot be counted or second guessed. It will be place it a separate file and so noted with explanation that vote was not casted or left blank.

Q. Once final tally is counted, the time, certification and closing will be recorded. The Chairman of the Elections Committee will make public announcement of the winners.

R. If there are any ties, there will be a need for a run off election the following morning. Winners of the elections will be based on majority vote.

III. Absentee Ballots:

It is recommended that this process not take place at this particular time. It is not feasible and will cause problems and questions of voting irregularities. As Chairman of this Committee, I cannot guarantee or certify an absentee ballot due to lack of resources, such as cost of printing and mailing an absentee ballot, how and who will be responsible for supervising or monitoring the ballots prior to the elections. This is a tremendous burden on volunteer members. We don't have a tribal office set up and the registered agent does not wish to take on this responsibility due to all of the contentious problems in the past.

I recommend that we keep this process simple, but at the same time we can all guarantee that this process is transparent and fair to all. Those that care enough about the Tribal Organization should be present to vote.

IV. Swearing in Ceremony:

- A. This should be done at the beginning of the Tribal Council meeting.
- B. Tribal Council should ask a respected elder, member, judge or our Spiritual Leader to conduct the swearing in ceremony. This process should be approved by the Elders and Council.
